### **SECRETARY'S ORDERS**

[DNREC settlement with Delaware City Refining Company, LLC](#) – A settlement agreement between the Department of Natural Resources and Environmental Control and the Delaware City Refining Company, LLC on the Delaware City refinery's outstanding air violations.

### **UPCOMING AIR & WASTE, RELATED HEARINGS, MEETINGS, & EVENTS**

#### **Recycling Public Advisory Council Meeting**

DNREC Division of Waste and Hazardous Substances / Waste and Hazardous Substances / Natural Resources and Environmental Control

Discuss recycling issues for the State of Delaware. **July 24 at 01:00 PM** at Food Bank of Delaware, 222 Lake Drive, Newark DE 19702

Contact [adam.schlachter@delaware.gov](mailto:adam.schlachter@delaware.gov), 302-739-9403. You may also visit: <https://publicmeetings.delaware.gov/Meeting/63234>

#### **HSCA Advisory Committee (Updated)**

DNREC Division of Waste and Hazardous Substances / Waste and Hazardous Substances / Natural Resources and Environmental Control

Review and provide guidance and input for DNREC's cleanup programs regulated under the Hazardous Substance Cleanup Act (HSCA). **September 05 at 09:00 AM** at the Department of Natural Resources & Environmental Control, 391 Lukens Drive, New Castle DE 19720  
Interested parties are invited to attend the advisory committee meetings. Additional information such as Brownfields certification, possible grant funding, success stories and other related documentation can be found at the following website:

<http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx>. For more information, please call Sandra Waltz at 302.395.2600. You may also visit: <https://publicmeetings.delaware.gov/Meeting/63202>

### **DIVISION OF AIR QUALITY**

#### **DE Admin. Code 1102 Natural Minor Permit Application: Zack Excavating, Inc.**

Zack Excavating, Inc., requests a (construction) permit to install a 300 TPH impact crusher, screen, and conveyor. The Company is requesting to use the crusher, screen, and conveyor at the following locations: 2935 South DuPont Blvd, Smyrna, Kent County, 161 Twin Oak Drive, Cheswold, Kent County, and 18195 DuPont Hwy, Harrington, Kent County. The crusher, screen, and conveyor will be permitted to emit 0.64 TPY PM, 1.07 TPY NO<sub>x</sub>, 0.14 TPY CO, 0.003 TPY SO<sub>2</sub>, and 0.27 TPY HC (hydrocarbon) by Permit# APC-2019/0096-CONSTRUCTION (NSPS)(MNSR). This notice is a revised advertisement with updated emissions information from the original advertisement dated June 30, 2019.

The application for this permit may be reviewed at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware or 715 Grantham Lane, New Castle, Delaware. For additional information or for an appointment to review the application, please contact Tracy Mattson at (302) 739-9402.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 15 days from the date of this notice, ending **July 29**. A request for a hearing shall be in writing. The request must also

show a familiarity with the application and a reasoned statement of the permit's probable impact. All comments and public hearing requests should be mailed to the following address: Division of Air Quality, State Street Commons, Suite 6A, 100 W. Water Street, Dover 19904 (302) 739-9042. You may also visit: <https://dnrec.alpha.delaware.gov/2019/07/14/7-de-admin-code-1102-natural-minor-permit-application-zack-excavating-inc-2/>

#### **Title V Synthetic Minor Permit Application: Christiana Care Health Services, Inc. – Wilmington Hospital**

Notice is hereby given that Christiana Care Health Services, Inc. – Wilmington Hospital has submitted an application, pursuant to 7 DE Admin. Code 1102, Section 2.1, 11.2.9, and 12.3 for an amendment to their operating permit at 501 West 14<sup>th</sup> Street, Wilmington, Delaware. Christiana Care Health Services, Inc. requests to revise their federally enforceable limits of operating hours and fuel usage in order to incorporate two 1500 kW emergency generators, authorized by Permits: APC-2010/0059&0060-OPERATION (FE)(NSPS), one new 750 kW emergency generator (Permit:APC-2019/0079-CONSTRUCTION(NSPS)(FE)) and one new 1000 kW emergency generator (Permit:APC-2019/0080-CONSTRUCTION(NSPS)(FE)). The generators provide additional emergency back up support for the hospital's expansion. These limits are necessary to restrict Christiana Care Health Services, Inc.'s potential to emit air pollutants, and the limits will be enforceable by the EPA and the State. Total estimated emissions from the facility are 14.67 tons per year (TPY) of Carbon Monoxide (CO), 22.52 TPY of Nitrogen Oxides (NO<sub>x</sub>), 1.83 TPY of Total Hydrocarbons (THCs), 1.38 TPY of Particulate Matter (PM<sub>10</sub>) and 0.11 TPY of Sulfur oxides (SO<sub>x</sub>).

The application, the "draft" permit (APC-1980/1268-OPERATION(Amendment 4)(NSPS)(SM)), all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy or summary of other materials, if any, considered in preparing the "draft" permit may be inspected at the office of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904. To submit comments, for additional information or for an appointment to inspect the public file, please contact Tracy Mattson in the Dover office at (302) 739-9402.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending **August 5**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit's probable impact. Division of Air Quality, State Street Commons, Suite 6A, 100 W. Water Street, Dover 19904, (302) 739-9042. You may also

### **DIVISION OF WASTE AND HAZARDOUS SUBSTANCES**

**COMPLIANCE AND PERMITTING SECTION** - The Compliance and Permitting Section (CAPS) hereby gives notice that a permit application has been received from the following companies for the management of solid wastes in the State of Delaware. The application and associated documents are available for review during business hours at our agency Compliance and Permitting Section office at 89 Kings Highway, Dover and also at our Lukens Drive office at 391 Lukens Drive in New Castle.

#### **Solid Waste Transporter Permits Pending**

The Department of Natural Resources and Environmental Control, Division of Waste and Hazardous Substances, hereby gives notice that a permit application has been received from the following companies to transport regulated RCRA hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware:

Approved Storage and Waste Hauling MA, Inc.

ASAP Tire Acquisition, LLC

Austin & Bednash

Chesapeake Environmental Services

Complete Disposal Services

Contractors Hauling, LLC  
Eagle Trucking  
Greggo & Ferrara, Inc.  
Hepaco, LLC  
Homecraft, Inc.  
North Star Marine  
R&B Debris, LLC  
VLG Trucking  
Weavertown Leasing  
West Central Environmental Corporation

The applications may be inspected by appointment from 8:00 AM to 4:30 PM Monday through Friday at the offices of DNREC. For additional information or an appointment to inspect the applications, please contact Tara Grazier, DWHS/CAPS, 89 Kings Hwy, Dover, DE 19901, 302.739.9403.

A public hearing concerning these applications will NOT be held unless the Secretary of DNREC, in care of Karen J'Anthony, receives a meritorious request for a hearing by **July 29**, which is within fifteen (15) days from the date of this notice. A request for a hearing must be in writing and shall state the nature of the issues to be raised at the hearing. It must also show a familiarity with the application and a reasoned statement of the activity's probable impact. For more information visit: <https://dnrec.alpha.delaware.gov/2019/07/14/solid-waste-transporter-permits-pending-4/>

**REMEDIATION SECTION (RS)** is responsible for the identification, evaluation, and remediation of sites in Delaware that have had past releases of hazardous substances. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP), and the HSCA Enforcement Program** (for sites requiring enforcement action).

#### **Intent to Implement Post-Closure at the Delaware City Refinery Under the Delaware Regulations Governing Hazardous Waste**

Pursuant to 7 Del. C., Chapters 60 and 63, Delaware's *Regulations Governing Hazardous Waste* (DRGHW), the Delaware Department of Natural Resources and Environmental Control (DNREC), Remediation Section (RS) has made a preliminary decision to issue a hazardous waste Permit for Post-Closure to Motiva Enterprises LLC (Motiva), located at 4550 Wrangle Hill Road in Delaware City, Delaware. The current Post-Closure Permit has expired, and, DNREC proposes to issue a new permit to continue hazardous waste post-closure activities at the Land Treatment Unit (LTU) at this facility.

The Delaware City Refinery (DCR) is located on a 5,050 acre tract of land located approximately 1 mile north of Delaware City, Delaware. The land north and south of the Refinery is mostly farmland, with the exception of several industrial complexes located immediately north and west of the Refinery. The eastern property boundary of DCR borders the Delaware River. The manufacturing facilities occupy approximately 1,000 of the 5,050 acres of the property. The Refinery produces mainly gasoline and heating oil. The Refinery began operation in 1956. Star Enterprise owned and operated the DCR until it was sold to Motiva Enterprises, LLC (Motiva) in 2000. In May 2004, Motiva sold the DCR to Premcor Refining Group, Inc. The Refinery was again sold in September 2005 to Valero. Valero sold the Refinery to PBF Energy on June 1, 2010. PBF Energy currently owns and operates the DCR.

The closed LTU is located in the north-central area of Delaware City Refinery. The total area of the former LTU covers approximately 46 acres. The area of waste application and treatment covers an area of approximately 34 acres and was divided into 12 cells. DCR operated the LTU from 1981 through 1992. Both hazardous and non-hazardous wastes were applied to the LTU from the period of 1981 through March 1992.

On July 23, 1996, the Site was issued RCRA Post-Closure Permit No. HW06A07. This permit has expired and in August 2018, Motiva submitted a post-closure application for LTU. The application essentially seeks a continuance of the care/maintenance and monitoring program for LTU that was begun on July 23, 1996 with the issuance of Post-Closure Permit No.

HW06A07. DNREC will oversee post-closure activities through the administration of the post-closure permit. The post-closure permit includes provisions for: Maintenance of the vegetative cover, Groundwater monitoring, Maintenance of the run-on and run-off control systems, Security and access control, and Financial assurances. Persons wishing to comment upon the draft permit application are invited to submit written comments. The written comments must be received no later than Thursday, **August 15**. Comments must be sent to DNREC, RE: DED002329738; File Code: 16 at the address below. Division of Waste And Hazardous Substances, Remediation Section, 89 Kings Highway Dover, DE 19901.

All written comments received prior to the end of the forty-five (45) day comment period will be considered when formulating the final determination. A public hearing may be held if the Department receives a meritorious request for a hearing prior to the Thursday, **August 15** deadline, or if the Secretary deems it to be in the best interest of the State to do so. The post-closure draft permit is on file and may be reviewed at the Dover office of DNREC (89 Kings Highway) or the New Castle office of DNREC (391 Lukens Drive). For additional information or to schedule an appointment to review this material, call Christopher L. Brown of the Remediation Section at (302) 739-9403, between the hours of 8:00 a.m. and 4:30 p.m., Monday to Friday. For more information visit: <https://dnrec.alpha.delaware.gov/2019/06/30/intent-to-implement-post-closure-at-the-delaware-city-refinery-under-the-delaware-regulations-governing-hazardous-waste/>

**The Brownfields Development Program** encourages the cleanup and redevelopment of either the entire property, the expansion of the property, or the reuse of the property which may be hindered by the reasonable held belief that the property may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement (BDA)** to perform an investigation and, if necessary, a remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current owners or operators of the site. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners who want to clean up their sites and are already liable as a potentially responsible party for the site.

#### **Notification of Negotiations for a Brownfields Development Agreement for the Deerfield Farms Site**

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfield Developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Site Investigation and Restoration Section (DNREC-SIRS) is negotiating a BDA with The Conservation Fund, A NonProfit Corporation, regarding the Deerfield Farms Site (Site), located at 5075 West Dennys Road in Dover, Delaware. Identified by as Kent County as tax parcel number 2-00-05700-02-0400-00001, the Site may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at [www.nav.dnrec.delaware.gov/DEN3](http://www.nav.dnrec.delaware.gov/DEN3).

Learn more about this Site and other Brownfields sites by accessing DNREC's web page at [www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx](http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx) or by contacting the DNREC Project Manager Morgan McGee-Solomon at (302) 395-2600 or [Morgan.McGee-Solomon@delaware.gov](mailto:Morgan.McGee-Solomon@delaware.gov). For more information visit: <https://dnrec.alpha.delaware.gov/2019/06/30/notification-of-negotiations-for-a-brownfields-development-agreement-for-the-deerfield-farms-site/>

#### **Notification of Negotiations for a Brownfields Development Agreement for the Claymont Cleaners/Joe & Tony's Service Site**

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfields Developer with

respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Remediation Section (DNREC-RS) is negotiating a BDA with NelRay II LLC regarding the Claymont Cleaners/Joe & Tony's Service Site (Site), located at 3203 and 3207 Philadelphia Pike and 4 Commonwealth Avenue in Claymont, Delaware. Identified by New Castle County as tax parcel numbers 06.084.00-473, 06.084.00-474 and 06.084.00-475 the Site may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

Learn more about this Site and other Brownfields sites by accessing DNREC-RS' web page at <http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx> or by contacting the DNREC-RS Project Manager John Costa, at (302) 395-2600 or [John.Costa@delaware.gov](mailto:John.Costa@delaware.gov). For more information visit: <https://dnrec.alpha.delaware.gov/2019/07/07/notification-of-negotiations-for-a-brownfields-development-agreement-for-the-claymont-cleaners-joe-tonys-service-site/>

### **Notification of Negotiations for a Brownfields Development Agreement for the White's Body Shop Site**

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfields Developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Remediation Section (DNREC-RS) is negotiating a BDA with Mt. Joy United Methodist Church regarding the White's Auto Body Site (Site), located at 410, 414, 416, 418, 420, 422, 431, 435, 436, 437, 441, 443, 445, and 447 S. Buttonwood Street in Wilmington, Delaware. Identified by New Castle County as tax parcel numbers 26.050.40.015, 26.050.40.016, 26.050.40.017, 26.050.40.018, 26.050.40.019, 26.050.40.020, 26.050.40.010, 26.050.40.009, 26.050.40.022, 26.050.40.008, 26.050.40.006, 26.050.40.005, 26.050.40.004, and 26.050.40.003 the Site may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

Learn more about this Site and other Brownfields sites by accessing DNREC-RS' web page at <http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx> or by contacting the DNREC-RS Project Manager Meghan Crystall, at (302) 395-2600 or [Meghan.Crystall@delaware.gov](mailto:Meghan.Crystall@delaware.gov). You may also visit: <https://dnrec.alpha.delaware.gov/2019/07/07/notification-of-negotiations-for-a-brownfields-development-agreement-for-the-whites-body-shop-site/>

**The Proposed and Final Plans of Remedial Action** listed below outline site cleanup activities and covenants and are available online at:

<http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under "Announcements." For site-specific information, please see DNREC's Environmental Navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

### **Proposed Plan of Remedial Action for the NVF-Yorklyn Operable Unit #4**

The Department invites public comment on a proposal to clean up Operable Unit #4 of the NVF-Yorklyn Site located at 1166 Yorklyn Road in Yorklyn, Delaware. The Operable Unit contains approximately 1,250 linear feet of railroad track and right-of-way. Surface soil and subsurface soil have been impacted by historic activities. During removal of the old track, any excavated soil needs to be segregated, properly disposed of, and shall not be used to grade the new right-of-way. Details of the Proposed Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720), or online at <http://www.nav.dnrec.delaware.gov/DEN3/>. The comment period ends on **July 29**. For additional information, please contact John G. Cargill, Project Manager, at (302) 395-2600. You may also visit: <https://dnrec.alpha.delaware.gov/2019/07/07/proposed-plan-of-remedial-action-for-the-nvf-yorklyn-operable-unit-4/>

### **Amended Proposed Plan of Remedial Action for the Delaware Air National Guard Site**

The Department invites public comment on a proposal to clean-up IRP Site 4B (Soil) of the Delaware Air National Guard Site located in New Castle. The Site is an active military base and a soil vapor extraction system was previously required to clean-up contaminated soil at IRP Site 4B. The Amended Proposed Plan reflects the correct operable unit boundary for IRP Site 4B (Soil). Details of the Amended Proposed Plan are available at the office of DNREC-Remediation Section, formerly DNREC-SIRS, at 391 Lukens Drive, New Castle, DE, 19720 or online at: <http://www.nav.dnrec.delaware.gov/DEN3/>

The comment period ends on **July 29**. For additional information, please contact Stephanie Gordon, Project Manager at (302) 395-2600 or via email at [stephanie.gordon@delaware.gov](mailto:stephanie.gordon@delaware.gov). You may also visit: <https://dnrec.alpha.delaware.gov/2019/07/07/amended-proposed-plan-of-remedial-action-for-the-delaware-air-national-guard-site/>

#### **Final Plan of Remedial Action: 4601 North Market Street**

The Department has adopted a plan regarding the clean-up of 4601 North Market Street Site, located in Wilmington, Delaware. The Site was previously operated as a commercial shopping mall. The Site requires the following: an Environmental Covenant restricting use to non-residential; restriction of groundwater use; and a Contaminated Material Management Plan. The Site is proposed to be redeveloped as a self-storage facility.

DNREC issued public notice of the Proposed Plan for 4601 North Market Street Site on June 2, 2019. There were no comments or questions from the public regarding the Proposed Plan.

Details of the Final Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720) or online at [www.nav.dnrec.delaware.gov/DEN3/](http://www.nav.dnrec.delaware.gov/DEN3/)

For additional information, please contact Mariya Chiger, Project Manager at (302) 395-2600 or via email at [mariya.chiger@delaware.gov](mailto:mariya.chiger@delaware.gov). For more information

visit: <https://dnrec.alpha.delaware.gov/2019/06/30/final-plan-of-remedial-action-4601-north-market-street/>

#### **Final Plan of Remedial Action for the Swain Property**

The Department has adopted a plan regarding the clean-up of the Swain Property located in Milford. The Site, once used as an automobile repair facility and recreational business, requires a hot-spot removal and an Environmental Covenant.

DNREC issued a public notice of the Proposed Plan for the Swain Property on June 2, 2019. There were no comments or questions from the public regarding the Proposed Plan. Details of the Final Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720), 21309 Berlin Road, Suite 2, Georgetown, DE 19947, and online at [www.nav.dnrec.delaware.gov/DEN3/](http://www.nav.dnrec.delaware.gov/DEN3/)

For additional information, please contact Caleb Melvin, Project Manager at (302) 395-2600 or via email at [caleb.melvin@delaware.gov](mailto:caleb.melvin@delaware.gov). You may also
